

Overseas Professional and Intercultural Training (OPIT) Program

Possible Internship Placements

The list below outlines possible internships and does not guarantee placement with a specific organization. The availability of placements changes from year to year and depends on our partners' capacities for hosting an intern at any given time.

Placements are not limited to the internships listed here, so we encourage applicants to notify us if they are interested in an organization or institution not listed below. American Councils will reach out to potential placement organizations and identify internship hosts based on applicants' preferences.

RUSSIA
